

Who We Are

Founded in 2005, **Sunchine Inspection**, with offices in China and in Europe, **Sunchine Inspection** has become one of the best third party inspection companies in China, serving over 1,200 regular clients in various fields, from all the Continents in the world.

Today, the inspection team of **Sunchine Inspection** is composed by around 100 qualified and accredited full-time inspectors, present in more than 50 cities in China, which cover almost every important industrial region in China.

To guarantee optimum inspections results, **Sunchine Inspection** arranges the inspector according to product classification. All inspectors are very knowledgeable and expert in their field.

To be the most reliable QC partner of clients in China, to help them to buy and produce in China in all confidence and safety, it's the mission of each member of **Sunchine Inspection**!

We don't produce goods,
but we create **Values**.

We don't sell products,
but we build up **Confidence**.

We don't export cargos,
but we are their **Insurance**.

We are here, because we know
better the clients' **Needs**.

Thanks to choose **Sunchine Inspection**
as your quality control partner in China !
